Pointers of Decorating Indicated By Speaker At Meeting of Clubwomen

The importance of color in the home was stressed by J. M. LaFollette, regional color director for the Sherwin-Williams Paint Co., at a luncheon for over 100 local clubwomen Tuesday at the Torrance YWCA.

Marking the first use of the new "Y" building for a large meeting, the event was sponsored by Bill Harrold, manager of the Torrance Sherwin-Williams Co. and his wife, Shirley Harrold, color stylist.

LaFollette addressed presidents and program chairmen from Torrance, Lomita and Palos Verdes women's organizations.

"Color," he said, "should be the most important part of any home. Yet it often is the one thing taken for granted."

He explained uses of complementary colors and of monochromatic tones where different shades of the same color are used in the same room. "Compliments and mutual complements should not be used in equal proportion," LaFollette stated, "for the room becomes monotonous."

The variation of color was illustrated by the use of swatches of material and samples of shades. "When decorating," LaFollette said, "you may get ideas from the Sherwin-Williams Guide Book or from magazines, but you should know what you like and use colors you and your family will enjoy living with."

The Torrance office of the Sherwin-Williams Co. donated paint for a complete room in someone's home. The recipient was Mrs. Estelle McMullen of 1734 Watson Ave.

such perfect results... so little trouble...

with a modern electric range!

He: We have far better meals, since we switched to electric cooking. And what with food savings and lower costs for cleaning and redecorating, we're REALLY saving money now.

She: I've never had so much freedom, so much time out of the kitchen as I've had since we bought an electric range. I just prepare the foods, set the controls and have the whole afternoon to myself. It's certainly a pleasure.

Both: A better way to cook? OF COURSE! IT'S ELECTRIC. See your electrical appliance dealer.

Electric Water Heaters are best, too!
